

ZIDNI ILMA CHARITABLE TRUST VADODARA

CA CLASSES FOR FINANCIAL WEAK STUDENTS

Zidni Ilma Charitable Trust has launched a coaching initiative for Chartered Accountancy (CA) students from marginalized and underprivileged sections of society, our mission is to empower these young individuals through education and professional development. We recognize that the path to becoming a Chartered Accountant can be financially and academically challenging, especially for those who come from disadvantaged backgrounds.

Our coaching program is designed to provide comprehensive support to students. This includes not only high-quality academic tutoring but also financial assistance for study materials, exam fees. We have collaborated with Vadodara's renowned JK Shah Classes. This collaboration is a monumental step in our ongoing mission to empower aspiring Chartered Accountants (CAs) from disadvantaged backgrounds by offering them high-quality, accessible education.

Through this partnership, we aim to deliver top-tier coaching from J K Shah, an institute known for its excellence in CA training, while ensuring that students from underprivileged communities can benefit from it without the financial burden. Our trust is committed to covering coaching fees, study materials, and exam registration costs for all those brilliant students who have economical poor status.

By joining hands with J K Shah, we provide our students with access to some of the best CA faculties, structured study programs, and a network of successful CA professionals who can offer mentorship and guidance. Our students will not only benefit academically but also receive career counseling, placement support, and internship opportunities to help them transition smoothly into the professional world.

Together with J K Shah, we are creating a pathway to success for these students, ensuring they have every opportunity to excel in their CA exams and beyond. This collaboration reflects our shared vision of providing equitable education and helping students from marginalized communities achieve professional and financial independence.

ZICT believes that this initiative will have a lasting impact on the lives of our students, their families, and their communities, ultimately contributing to a more just and inclusive society.
